

Technical Workshop on Atmospheric Dispersion and ADMS 4 Wednesday 28th November 2007

The Studio, Cannon St, Birmingham, B2 5EP

9.00 - 9.30	Registration Tea & coffee
9.30 - 9.45	Introduction <i>David Carruthers</i>
9.45 - 10.30	Boundary layer structure and meteorology <i>David Carruthers</i>
10.30 - 11.00	Tea & coffee
11.00 - 11.45	Using meteorological data in ADMS 4 (Exercise) <i>Helen Higson</i>
11.45 - 12.30	Approaches to dispersion modelling, including ADMS and other models <i>David Carruthers</i>
12.30 - 1.15	Lunch
1.15 - 2.00	Modelling the effects of buildings and hills on dispersion <i>Christine McHugh</i>
2.00 - 2.45	Modelling Buildings (Exercise) <i>Sarah Wilkinson</i>
2.45 - 3.00	Tea & coffee
3.00 - 3.45	Modelling Deposition (Exercise) <i>Helen Higson</i>
3:45 - 4:15	<i>Discussion & own examples</i>
4.15 - 4.30	Close
